

**2/2 Commando
Association of Australia (Inc.)**

20 August 2018

Dear Members and Friends

The association has a small roll of 8mm movie film that shows some reunions and barbecues attended by members of the former association and their families during the 1970s and 1980s.

The committee has decided that, given the historical importance of the content of the film, we should have it digitised, so that it can be preserved and shared through our website. To fund this, the association intends to apply for a grant through the Department of Veterans' Affairs.

However, before taking this any further, we would like to find out whether there are any other such films showing get-togethers of the commandos. If you have any that you would like to make available, and if the content is considered suitable, we will include all such footage in the scope of our grant application.

We are looking for footage that shows members of the association and their families or identifiable people who are or were associated with the unit, such as creados. We are not looking for footage that merely depicts travel shots in East Timor or elsewhere, without some identifiable link to the unit or the association.

If you have any such movie film of association ceremonies or social events that you would like to have considered for digitisation, please contact our secretary, Rob Crossing, by Monday, 3 September 2018.

Kind regards

Peter Epps
President
